

TEPAP

The Executive Program for Agricultural Producers

Reject the Status Quo and Build a Stronger Farm Business Thinking Differently about Production Ag

For 35 years, TEPAP has helped farmers, ranchers and agribusiness men and women strengthen their operations with better business management, leaving graduates with:

- + Improved family communication and leadership skills
- + More confidence in financial decision-making
- + Better succession and transition plans
- + Clearer strategies for growth and profitability
- + Valuable connections with top producers across the globe

Having trained 2000+ producers nationwide, the TEPAP professional education course incorporates real-world discussions, networking, and practical case studies involving:

- + Family Business Management
- + Financial Management
- + Strategic Management
- + Succession Planning
- + Macroeconomics
- + Leadership
- + Accountability
- + Sales
- + Negotiation Strategies
- + Human Relations

This program is made possible through the support of Farm Credit, Pinon, DTN/Progressive Farmer, John Deere, and Texas A&M AgriLife Extension Service.

Ready to Optimize your Operation?
Apply by 10/31/26
<https://tepap.tamu.edu>
